

## Rev. Wesley Wakefield

### Things to be remembered:

**1. We humans are eternal beings.** Once we were conceived we became living souls. This life we now live will lead to either eternal life or eternal damnation. The eternal part is fixed. We will exist forever. John 5:28; Acts 24:15; 1Corinthians 15:53.

**2. We humans are religious beings.** God made us that way. It is part of our nature to be religious. James 1:27

**3. We humans are beings of choice.** We don't live by instinct as do the animals. We live by choice. This sets up a chain: we choose; we act; we feel; we are responsible. Our choices set up our actions, which help produce our feelings and contribute to the reactions. We are responsible for both our actions and in part for the reactions. Isaiah 64:6; Jeremiah 32:18,19

**4. We humans have a problem.** That problem is sin. Sin spoils everything. Isaiah 64:6; Romans 3:23

**5. We humans have a redemption.** That redemption is real only if it results in:

Our ceasing from sinning and living righteously  
1John 5:18

The removal of condemnation and the Witness of the Spirit  
Romans 8:1-4, 16

The transformation of our human nature.  
Ezekiel 36:27; Titus 3:5

The immediate production of the fruit of the Spirit  
Galatians 5:22-25

## Remember Our 4 Sponsored Children

If every person who attends gave \$1 per month, we would have enough to cover the cost of supporting these children. \$120/(US) monthly is needed. Thank you for your help!
